Invest in your retirement—and yourself—today, with help from The Retirement Savings Plan of the Presbyterian Church (U.S.A.) and Fidelity.
Welcome to the Retirement Savings Plan!

Dear PC(USA) employee:

We are pleased to offer you the opportunity to enroll in the Retirement Savings Plan of the Presbyterian Church (U.S.A.) (RSP). The plan offers a convenient, tax-advantaged way to save for retirement. Take a look and see what a difference contributing to the RSP could make in achieving your goals.

Participating in the plan offers many benefits. Some of these include:

Convenience. Your contributions are automatically and regularly deducted from your paycheck.

Tax savings now. Pretax contributions are deducted from your pay before income taxes are withheld. This means you can actually lower the amount of current income taxes you pay each period. You also may be eligible for a tax credit, called the “Saver’s Credit” that could reduce the federal income tax you pay dollar-for-dollar, depending on your adjusted gross income (AGI).

Tax savings later. You may also make Roth contributions with after-tax dollars. The advantage is that although you pay taxes now, when you withdraw Roth funds from your account later, you won’t pay taxes on your contributions or any earnings, as long as you’re at least age 59½ (or disabled) and your withdrawal is made at least five tax years after making your first Roth contribution.

Investment options. You have the flexibility to select from investment options that range from more conservative to more aggressive, making it easy for you to develop a well-diversified investment portfolio.

Catch-up contributions. In certain situations you may be eligible to make age-based or service-based catch-up contributions to your plan account.

Investment resources. Fidelity Investments provides administrative services for the RSP and is committed to providing exceptional money management, investment flexibility, and state-of-the-art technology to RSP participants. The RSP offers access to a managed account feature and a self-directed brokerage account through Fidelity, and other educational tools and resources including a live, dedicated Fidelity customer service team and complimentary phone consultations through Fidelity Retirement Planners.

To learn more about what your plan offers, see “Frequently asked questions about your plan” later in this guide.

Sincerely,

John F. Matekovic, CEBS
Vice President, Income Security
Frequently asked questions about your plan.

Here are answers to questions you may have about the key features, benefits, and rules of your plan.

Who can enroll in the plan?
All employees working for a PC(USA)-affiliated church or employer are eligible to participate in the Retirement Savings Plan (RSP) if offered by their employer. Employees working for an employer in Puerto Rico are not eligible to make RSP contributions.

Is there a limit to how much I (or my employer) can contribute?
If you are an eligible employee, you may contribute all of your taxable salary, excluding housing allowance, subject to the annual IRS dollar limit of $19,000 for 2019. You may contribute regardless of whether your employer matches your contributions.

Employers also can make contributions for employees on a percentage of compensation, flat amount, or matching basis, but should do so uniformly for all similarly situated employees. Total employee and employer contributions cannot exceed $56,000 (2019) or 100 percent of cash salary. Employer matching contributions to the Retirement Savings Plan are not included in effective salary.

Participants age 50 or older may make an additional catch-up contribution of up to $6,000 for 2019. Long-service church employees may be eligible to contribute an additional church plan catch-up of $3,000 for 2019, subject to a lifetime maximum of $15,000. Refer to IRS publication 571 “Tax-Sheltered Annuity Plans (403(b) Plans)” for details about the interplay between these two types of catch-up contributions.

What is the “Saver’s Credit”?
Depending on your income and other factors, you may qualify for a tax credit on your federal income taxes by making contributions to the Retirement Savings Plan. The “Saver’s Credit” provides a special tax credit of up to $1,000 from the U.S. government just for contributing to your workplace savings plan, if your income falls within certain ranges. For more information, refer to Take Advantage of the Federal Retirement Savings Tax Credit on the Booklets and Publications page of pensions.org.

Are there any plan fees?
Your account will be subject to a quarterly plan administration fee in the amount of $3.75. This fee will automatically be deducted from your account.

How do I designate my beneficiary?
If you have not already selected your beneficiaries, or if you have experienced a life-changing event such as a marriage, divorce, birth of a child, or a death in the family, it’s time to consider your beneficiary designations. Fidelity’s Online Beneficiaries Service, offers a straightforward, convenient process that takes just minutes. To make your elections, click on the “Profile” link, then select “Beneficiaries” and follow the online instructions.

When am I vested?
You are always fully vested in all your pretax, Roth after-tax, and rollover contributions and related investment earnings. You are immediately fully vested in your employer’s contributions and related earnings in your account, unless otherwise specified in your
organization’s Employer Agreement with the Board of Pensions. Vesting is a term used to describe the portion of your account balance that is non-forfeitable.

**Can I take a loan from my account?**
The RSP offers a loan provision. Generally, you may borrow up to the lesser of 50 percent of your vested account balance or $50,000. Any outstanding loan balances over the previous 12 months may reduce the amount available to borrow. Your total vested retirement account balance in your standard plan options and in your BrokerageLink account is taken into consideration when you apply for a loan. To initiate a loan, call the Fidelity Representatives at 800-343-0860 and reference plan #57887.

**Can I make withdrawals?**
Withdrawals from the Plan are generally permitted only when you terminate your employment, retire, reach age 59½, or become permanently disabled as defined by your plan. Ministers of the Word and Sacrament can also withdraw employer contributions and any earnings to purchase a home. Keep in mind that withdrawals of pretax contributions are subject to income taxes and possibly to early withdrawal penalties. If your withdrawal is used for a housing allowance, it may be tax free.

Learn more about and/or request a withdrawal online, or by calling the Fidelity Representatives at 800-343-0860.

Be sure to identify the plan #57887 for The Retirement Savings Plan of the Presbyterian Church (U.S.A.). The plan document and current tax laws and regulations will govern in case of a discrepancy. Be sure you understand the tax consequences and your plan’s rules for distributions before you initiate a distribution. You may want to consult a professional tax adviser about your situation.

**Can I roll over money from another retirement plan into my Retirement Savings Plan?**
You are permitted to roll over eligible pretax contributions from another 401(k) plan, 401(a) plan, 403(b)(9) plan, or a governmental 457(b) retirement plan account.

You should consult your tax adviser and carefully consider the impact of making a rollover contribution to your employer’s plan because it could affect your eligibility for future special tax treatments.

**Be sure to consider all your available options and the applicable fees and features of each before moving your retirement assets.**

**How do I manage my account?**
Once you have enrolled, you can manage your account online, or by calling a Fidelity Representatives at 800-343-0860. Be sure to identify the plan #57887 for the Retirement Savings Plan of The Retirement Savings Plan of the Presbyterian Church (U.S.A.) when speaking with a representative, or use the automated voice response system, virtually 24 hours, 7 days a week.

**Where can I get additional plan information?**
More information can be found in the Retirement Savings Plan booklet (ORS-100) and the official plan document (RSP-100). You can contact the Board of Pensions at 800-773-7752 (800-PRESPLAN) or download these documents at pensions.org.
Step 1  Decide how much to invest.

More than any other factor, the amount you put away will help determine how much your savings may grow. A good rule of thumb is to invest what you can afford – you can change your contribution amount later if needed. Start at a number that feels comfortable to you. The important thing is to invest what you can afford and start right away.

Once you decide how much to invest, consider the tax advantages of saving pretax, Roth after-tax, or both:

- **Tax savings now.** Your pretax contributions come out of your pay before income taxes are taken out. You can actually lower your current taxes by investing in the Plan today.

- **Tax savings later.** Your Roth after-tax contributions are taxed now when deducted from your pay. Later, you won’t pay taxes when you withdraw Roth contributions or associated earnings as long as you’re at least age 59½ (or disabled) and your withdrawal satisfies the five-year Roth holding requirement.

Your combined Roth and traditional pretax 403(b)(9) contributions cannot exceed the IRS limits for the year.

Step 2 Determine investments that are right for you.

First, start by finding your approach.

Are you a conservative investor? An aggressive investor? Somewhere in between? The answer will determine which plan investments may be right for you. The RSP offers a range of investments, so you can build your portfolio your way.

The first is the length of time you have to invest—in this case, the number of years until you expect to retire. The second is your comfort with risk. The third is your financial situation.

To determine your possible investment approach, consider these factors:

- The age you want to retire
- Your comfort level with the stock market’s ups and downs and whether you prefer stability or the potential for bigger returns, which entails greater risk
- Your short- and long-term financial needs

Next, learn about the different kinds of investments.

There are three basic investment types—short-term investments, bonds, and stocks. And they, like investors, fall along a range from conservative to aggressive.

Short-term investments are the most conservative. Also known as “cash” investments, this investment type involves the least amount of risk, but also provides the lowest potential returns.

Bonds are in the middle. Generally less risky than stocks, this investment type typically offers moderate returns and risk compared with stocks.

Stocks are the most aggressive. Although past investment results do not guarantee future results, this investment type has historically provided the highest long-term returns and the greatest risk. Stock investments include large (large-cap), medium-size (mid-cap), and small (small-cap) U.S. companies, as well as foreign companies. However, each of these types of stock investments has its own level of risk—for example, small cap tends to be more risky than large cap.
Then, select the right mix of investment types for your situation.

Once you know how conservative or aggressive your approach is as an investor, and you understand the difference between investment types, you can figure out what mix of investment types matches your approach. The charts at the beginning of the Investment Options section of this guide show how different investment options align with different approaches to investing, from relatively conservative to relatively aggressive.

Finally, pick your investment options.

The RSP offers investment options across the three investment types. For descriptions, refer to the Investment Options document on pensions.org, or go to netbenefits.com/atwork for up-to-date performance information, other investment specifics, and educational material.
Step 3 Enroll today.

It’s easy to join your plan and make that next great investment in yourself. Here’s how:

- **Complete** the Salary Deferral Agreement, give it to your church treasurer or business administrator, and keep a copy for yourself.

- **Complete** the Fidelity Enrollment Form and have your church treasurer or business administrator sign and mail it to Fidelity Investments.

Please refer your church treasurer or business administrator to the Reference Guide for Church Treasurers and Business Administrators of the Presbyterian Church (U.S.A.) on the Booklets and Publications page of pensions.org for further instructions.

🔗 Remember, we’re here to help.

If you need any help along the way, call a Fidelity Representative at 800-343-0860. Be sure to identify plan #57887 for the Retirement Savings Plan of the Presbyterian Church (U.S.A.).
Investment Options

Before investing in any mutual fund, consider the investment objectives, risks, charges, and expenses. Contact Fidelity for a mutual fund prospectus or, if available, a summary prospectus containing this information. Read it carefully.

Target date investments are generally designed for investors expecting to retire around the year indicated in each investment’s name. The investments are managed to gradually become more conservative over time. The investment risks of each target date investment change over time as its asset allocation changes. They are subject to the volatility of the financial markets, including equity and fixed income investments in the U.S. and abroad and may be subject to risks associated with investing in high yield, small cap and foreign securities. Principal invested is not guaranteed at any time, including at or after their target dates.

This spectrum, with the exception of the Domestic Equity category, is based on Fidelity’s analysis of the characteristics of the general investment categories of the investment options and not on the actual security holdings, which can change frequently. Investment options in the Domestic Equity category are based on the options’ Morningstar categories as of 09/30/2019. Morningstar categories are based on a fund’s style as measured by its underlying portfolio holdings over the past three years and may change at any time. These style calculations do not represent the investment options’ objectives and do not predict the investment options’ future styles. Investment options are listed in alphabetical order within each investment category. Risk associated with the investment options can vary significantly within each particular investment category, and the relative risk of categories may change under certain economic conditions. For a more complete discussion of risk associated with the mutual fund options, please read the prospectuses before making your investment decision. The spectrum does not represent actual or implied performance.

Return this completed form to your employer and retain a copy for your records.

If you are enrolling as a new participant, please also complete the enrollment form and return it to your employer and retain a copy for your records. If you have questions, please call the Board of Pensions at 800-773-7752 (800-PRESPLAN) or Fidelity at 800-343-0860. (Please mention plan# 57887.)

Your Salary Deferral Agreement is a written, legally binding agreement between you and your employer. It is an agreement whereby you direct your employer to reduce compensation not yet currently available by a specific percentage. Your employer then sends this amount to your account in the Retirement Savings Plan. You may change or cancel the percentage of your salary deferral contributions at any time for compensation not yet currently available. Your current Salary Deferral Agreement will continue until you sign a new agreement.

Individual Authorization: By executing this form, you:

- Certify under penalties of perjury that your Social Security number in Section 1 is correct.
- Acknowledge that you have read the prospectus of any mutual fund in which you invest and that it is your responsibility to read the prospectus(es) of any mutual fund into which you exchange and agree to its terms.
- Understand that you may designate a beneficiary for your assets accumulated in the 403(b)(9) Retirement Savings Plan of the Presbyterian Church (U.S.A.), and that if you choose not to designate a beneficiary, your beneficiary will be your surviving Covered Partner, or if you do not have a surviving Covered Partner, distributions will be made based upon the provisions of the Plan.
- Recognize that although Fidelity Management Trust Company is a bank, neither Fidelity Distributors Corporation nor any mutual fund in which your 403(b)(9) account may be invested is a bank, and mutual fund shares are not backed or guaranteed by any bank or insured by the FDIC.
- Understand that the Board of Pensions and the Retirement Savings Plan are exempt from the registration, regulation, and reporting requirements of the Securities Act of 1933, the Securities Exchange Act of 1934, the Investment Company Act of 1940, and state securities laws. Retirement Savings Plan participants and beneficiaries are not afforded the protection of those laws with respect to their interest in the Retirement Savings Plan or investments managed by the Board of Pensions.
- Understand that the Fidelity mutual fund options and the T. Rowe Price Equity Income Fund are registered mutual funds and are accordingly subject to federal securities laws.
- Understand that the PC(USA) funds are not registered mutual funds and that these proprietary funds are managed for the Board of Pensions by Fidelity Management Trust Company.
