

Employee Assistance Plan (EAP)

The Employee Assistance Plan (EAP) is a *free, confidential service that's available to you, your family, and anyone living in your household.*

The EAP, administered by Cigna, provides phone, video-based, and face-to-face support plus online resources to help with personal and financial concerns.

HOW IT WORKS

You don't need an identification card to use the EAP, but you do need an EAP code, available from an EAP advocate or the Cigna website, for face-to-face services. Simply call the EAP or log in to the website to access EAP services.

Call 866-640-2772 anytime, any day. EAP advocates are available 24/7 listen to your concerns, help guide you to a solution, and direct you to helpful resources.

Log in to mycigna.com > Coverage > Employee Assistance Program (EAP) to live chat with an EAP advocate, get an EAP code for face-to-face visits, and locate work-life balance resources. (A one-time registration is required; visit pensions.org/eap for step-by-step instructions.)

EAP SERVICES

The EAP provides the following services at no cost to you or your household members.

Phone consultations - You have unlimited access to licensed clinicians by phone for concerns such as a friend or family member's substance use, conflicts with a coworker, or marital issues. For phone consultations, call the EAP and ask to speak with a clinician, or log in to mycigna.com and schedule a call.

Counseling sessions - In addition to phone consultations, you can have up to six private counseling sessions per issue per year with a provider in the Cigna Behavioral Health EAP network. Sessions may be face-to-face, video-based, or by phone.*

Note: After your six free sessions, if you continue with the Cigna counselor and he or she does not participate in your medical network, you will incur out-of-network costs. If you are enrolled in the EPO or HDHP, your medical coverage does not pay for out-of-network care, so visits beyond the six free sessions through the EAP will not be covered.

FINANCIAL AND LEGAL ASSISTANCE

Legal assistance - You can get a 30-minute telephone or face-to-face consultation with a participating attorney plus a 25 percent discount on select fees (consultations related to employment matters are not available).

Identity theft assistance - You can have a 60-minute expert consultation by phone to learn what you can do to protect yourself from identity theft, or for help if you are victimized.

Financial consultation - You can have 30-minute telephone consultations with a qualified financial specialist on issues such as budgeting, clergy tax issues, credit repair, debt counseling, tax planning, retirement planning, college funding, and more.

Tax assistance - You receive a 25 percent discount on regular tax preparation services through the EAP. The discount covers one federal tax return, Schedule A (itemized deductions), Schedule B (dividends/interest), and one state income tax return. If additional forms are required, such as for rental property or a small business, the charge is \$65 per form. You must call the EAP at 866-640-2772, to get this discount.

* Sessions by phone with an EAP provider are not a substitute for face-to-face or video visits. Members should contact Cigna to request counseling sessions by phone. Authorization is required for telephone sessions.

All EAP services are completely confidential, and there's no cost to you.
