

Vision Eyewear Plan

The Vision Eyewear Plan helps with the cost of prescription eyewear each year by providing a benefit for either glasses or contacts.

It also includes discounts on popular lens enhancements and extra glasses when you use network providers. Plan benefits are administered by VSP.

HOW IT WORKS

You don't need an identification card to use vision eyewear benefits. Simply tell your VSP Choice network provider you have VSP coverage and provide the last four digits of your Social Security number. If you'd like a card as a reference, you can print one from vsp.com.

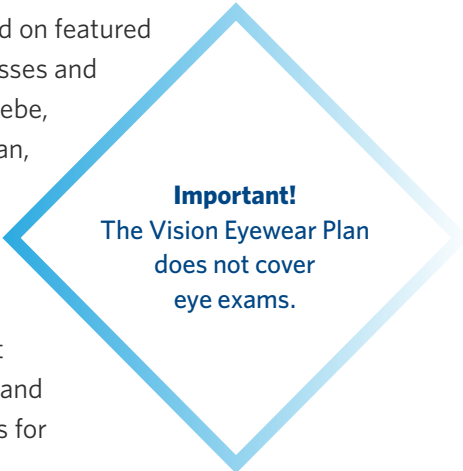

SAVE WITH NETWORK PROVIDERS

Make the most of your benefits and save hundreds of dollars on out-of-pocket costs by using VSP Choice network providers. With over 29,000 network provider offices, VSP has the largest network of independent vision care providers. The network also includes major retail chains, including Walmart, Sam's Club, Costco, and Pearl Vision. To find network providers, log on or register at vsp.com or call VSP at 800-877-7195.

ADDITIONAL SAVINGS

In addition to the annual allowance for glasses or contacts, vision eyewear coverage includes the following features for added savings:

- An extra \$50 to spend on featured frame brands* for glasses and sunglasses, such as bebe, Calvin Klein, Cole Haan, Flexon, Lacoste, Nike, Nine West, and more. Visit vsp.com to find a Premier Program location that carries these brands, and vsp.com/specialoffers for current promotions.*
- 20 percent savings* on additional glasses and sunglasses, including lens enhancements, from any VSP provider within 12 months of your last well vision exam.

*Brands/promotions subject to change. Extra \$50 and 20 percent savings do not apply to Costco, Walmart, or Sam's Club.
