You may name any person, institution, or trust as a beneficiary. You must name each beneficiary individually; a designation such as "all my children equally" is unacceptable. Include the name and date of any trust and the trustee's name. You may select primary and secondary beneficiaries.

If any primary beneficiaries predecease you, the benefit is divided proportionately among the surviving primary beneficiaries unless you specifically designate otherwise. For example, if you name your adult children as your primary beneficiaries and one of them predeceases you, the benefit will be distributed to the surviving children. If no proportions are specified, the benefit will be divided equally among the primary beneficiaries.

In the event that a beneficiary designation is found to be incomplete or uncertain at the time of your death, the Board reserves the right to make a final determination on the disbursement of benefits as stated in the Benefits Plan.

If none of your primary beneficiaries survives you, then your secondary beneficiaries will receive the benefit in the proportions you specify. If no proportions are specified, the benefit will be divided equally among your secondary beneficiaries.

If you are naming more than one primary and/or secondary beneficiary, please specify the percentage of your benefit each beneficiary should receive. The percent share for primary and secondary beneficiaries should each **total 100 percent (use whole percentages: e.g., 34 percent, not 33.3 percent)**.
